

## Motion of Support for the Partnership Agreement between VCCS and RU, brought by the Faculty Senate Executive Council

The Faculty Senate supports the Partnership Agreement between the Virginia Community College System and Radford University which is designed to facilitate a transition from an Associate's Degree to a Bachelor of Science degree in Computer Science and Technology or Information Science Systems at Radford University.

### Rationale:

The Faculty Senate has a review and comment authority over certain curricular matters. The motion is worded as supporting the Partnership Agreement because the Faculty Senate has a "review and comment authority" rather than "approval/disapproval authority over such agreements. This articulation agreement was negotiated by the RU administration and has been approved by the General Education Curriculum Advisory Committee. It will facilitate the enrollment of transfer students from VCCS.
