

**Amended Motion**

Suggestions for changes to **University** Core A may come from any part of the university community, but all proposals for changes to the Core A Curriculum must be formalized by, and sent forward from, GECAC/CCAC. **From there it goes to the FSCC, then to the Faculty Senate, to the UGCCC, and then to the Provost.**

**Rationale:**

This motion formalizes what is informally the case in practice. In addition, it recognizes that the Core is a University-wide endeavor that represents and involves many constituencies.
