

DRAFT

CORE CURRICULUM COMMITTEE (CCC)

Minutes – January 29, 2010

Attendance: M. Baker, R. Barris, A. Carter, G. Cote, K. Gingrich, I. Van Patten, S. Van Patten, C. Vehorn

The minutes of the last meeting were approved.

The main agenda item discussed was how to deal with transfer equivalencies (students transferring into Radford University with course work from other schools that would satisfy University Core A requirements). Discussion of various options ranged from the most fair (rendering judgment on syllabi presented by each student, but too time consuming) to the strict interpretation of a University Core A objective (that all RU students experience the four-course sequence, but some expressed concerns that SCHEV would not allow this policy).

K. Gingrich proposed a balanced motion that students with 2 semesters of English be given credit for CORE 101 and CORE 102. This was seconded by M. Baker.

The CCC voted unanimously to **approve** the motion and send it to the Academic Policy and Procedures Committee as a recommendation.

The next meeting will be in one week on Friday (2/5) at 11:00, where the Committee will discuss transfer equivalencies for CORE 201 and CORE 202.

C. Vehorn
